Rudolph poster

...or draw your own

(Before you begin hang the Rudolph poster on the wall or a door and smear some Vaseline on the poster in the vicinity of where his red nose should go.)

1. Each player needs a spoon full of Vaseline and a red pom.
2. Players must first dip their nose in the Vaseline and then get the pom to stick to the Vaseline on their nose. No hands allowed.
3. Once the pom is sticking they must race across the room and stick the pom to the Rudolph poster. Again no hands allowed.
4. First person to give Rudolph his nose is the winner.
